

WATCHMAN ANYWHERE

The Watchman Anywhere is a remote oil level monitoring device which allows you to monitor your oil levels anywhere via an iPhone and Android App, email or text with this remote kit.

HOW IT WORKS

THE WATCHMAN ANYWHERE USES THE LATEST IN MONITORING TECHNOLOGY TO PROVIDE YOU WITH COMPLETE PEACE OF MIND ON YOUR OIL TANK LEVELS.

The sensor in the Watchman Anywhere uses ultrasonic pulses to keep an eye on how much oil is in your tank. Its built-in SIM card sends this information to our secure data centre.

The data then flows into your personal online dashboard, which shows your current oil level in a simple gauge format.

You can view your dashboard using any computer, tablet or smartphone. It's easy to check-in, and you can do it from anywhere in the world, at any time of the day or night.

FEATURES AND BENEFITS

This next generation Watchman Anywhere gives you the freedom to check your oil levels anytime, anywhere with our free iPhone or Android app. With our free app, you can:

Get your oil level readings while abroad

Check your oil levels from your office

Monitor your nearest and dearest's oil levels - parents or children

Stay in control of oil tank levels at your holiday home

AS WELL AS THE FREE APP, WITH THE WATCHMAN ANYWHERE YOU CAN ENJOY:

A personalised web page available through any web enabled device.
